Industry for All • Development for All • Progress for All
Registered Section 8 Organisation by MCA, Government of India •
Established 2022

1. Organisation Overview

Axom Gramodyog Vikash Council (AGVC) is presented as a development-focused Section 8 organisation working to strengthen self-reliant communities through entrepreneurship, education, healthcare, industry, agriculture and livelihood development.

Core Purpose	Empower individuals, enable communities and create practical pathways for livelihood, enterprise and inclusive development.
Vision	To build a self-reliant and stronger India by empowering individuals, strengthening communities and promoting sustainable development.
Approach	Awareness → Training → Action → Advocacy, supported by project preparation, certification, market linkage and enterprise support.
Tagline	Together, we build self-reliant communities and a stronger India.

Key Development Philosophy

- Education for All – quality education, awareness and opportunities for students, youth and entrepreneurs.
- Healthcare for All – health awareness, emergency and first-aid training, school health and community healthcare support.
- Industry for All – practical skill development, micro and small enterprise support, product manufacturing and local production.
- Agriculture (Organic/Medicinal) – organic farming, medicinal plantation, sustainable agriculture and market-oriented production.
- Empowering Entrepreneurs – nurturing livelihood opportunities and helping people move from learning to earning.

2. Focus Areas & Community Impact

EDUCATION FOR ALL	Quality education, skill development, awareness and career opportunities.
HEALTHCARE FOR ALL	Healthcare awareness, emergency support, first-aid, wellness and community-oriented services.
INDUSTRY FOR ALL	Micro/small industry skills, product making, packaging, branding and entrepreneurship.
AGRICULTURE FOR ALL	Organic farming, medicinal plants, mushroom cultivation, vermicompost and sustainable practices.
EMPOWERING ENTREPRENEURS	Training, project reports, certification, market linkage, mentoring and business support.

Awareness • Action • Advocacy

- Awareness: programmes for education, healthcare, industry and agriculture.
- Action: volunteer/team building, workshops, documentation support and village-level development activities.
- Advocacy: bank linkage, market access, export opportunities, entrepreneurship development and government scheme guidance.

3. Training & Skill Development Programmes

The training portfolio is designed around practical learning, product making, service skills and enterprise development. Programmes may combine theory, demonstration, hands-on practice, project documentation and certification.

Programme	Duration	Key Learning
Panchakarma Therapy, Emergency / First Aid	5 Days Workshop	Theory & practical training; wellness therapies; yoga & wellness; Ayurvedic treatments; emergency/first-aid basics; diet & lifestyle management.
Agarbatti & Cleaning Products Making	3 Days Workshop	Agarbatti raw materials and processing; bamboo stick selection; powder preparation; perfume mixing; packaging/branding; liquid cleaners; phenyl; toilet cleaner; dishwash bar; detergent and packaging.
Mushroom, Medicinal Plantation & Vermicompost	3 Days Workshop	Oyster, Milky, Button and Ganoderma mushroom basics; spawn production; cultivation; medicinal plant nursery and plantation; care/maintenance; earthworm species; bed preparation; harvesting and marketing.

Additional Training Areas

- Reiki • Pranik Healing • Access Bars • Other wellness and complementary learning programmes
- Product-making workshops including mushroom, vermicompost, agarbatti, phenyl, dishwash, handwash and toilet cleaner.
- Entrepreneurship development: training, product making, project preparation, marketing and business guidance.

4. Starter Kits & Enterprise Opportunities

Industry Starter Kits

Phenyl Kit – ₹7,500 Dish Wash Bar Kit – ₹21,000 Dish Wash Liquid Kit – ₹14,000 Toilet Cleaner Kit – ₹7,500 Agarbatti Kit – ₹9,999

Agriculture Kits

Mushroom Cultivation Kit – ₹7,500 to ₹50,000* Vermicompost Kit – ₹25,000 Medicinal Plant Kit – ₹25,000 (100% sell deal shown)
Panchakarma Kit – ₹24,000

Healthcare Kits

Yoga Teacher Kit – ₹15,000 First Aid Kit – ₹3,500 Physiotherapy Kit – ₹24,000 Wellness & Nutrition Kit – ₹15,000

*The mushroom kit amount is shown as a range in the supplied promotional material; final pricing should be confirmed before publication.

Enterprise support can include training, project report preparation, certification, bank linkage, government scheme guidance, market linkage, branding, mentoring and product manufacturing support.

5. Brands, Products & Upcoming Projects

The supplied materials present a portfolio of initiative/brand concepts spanning industry, healthcare, agriculture and education.

Brand / Initiative	Positioning	Purpose
MEGNUM	Natural Agarbatti • Industry for All	A product-focused livelihood initiative around agarbatti and related household products.
MEDIVA	Healthcare for All	Healthcare-oriented services, awareness, training and community support.
VEDALAB / VEDALABS	Botanical / Agriculture Organic	Research, botanical and organic agriculture-oriented activities.
SKILLMAN	Education for All	Skill development, training and employability-oriented education.

Upcoming / Highlighted Projects

- Mangaldeep Skill University – Skill Development / University for All.
- Mediva Hospital – Health Care for All.
- Vedalabs Botanical Park – Research, Botanical Park & Herbal Products.
- Mahabahu Organic Farm – Organic Farming & Sustainable Agriculture.
- Bharat Udyami Award – promotional material states an award initiative aimed at recognising entrepreneurs.

6. Support & Business Services

Business Setup Assistance Support in understanding business setup and enterprise readiness.	Free Training & Certification Training programmes with certificates as applicable to the programme.	Project Report Preparation Preparation of project reports and supporting business documentation.
Bank Linkage & Loan Support Guidance for bank linkage and loan-support processes; approvals remain subject to the concerned institution.	Government Scheme Guidance Information and guidance related to suitable government schemes and programmes.	Market Linkage & Branding Product positioning, packaging, branding and market-access support.
Export Opportunities Guidance and exploration of export-oriented opportunities where suitable.	Mentoring & Consultancy Practical guidance for entrepreneurs and community projects.	Product Manufacturing & Quality Support Support around product development, manufacturing practices and quality improvement.

7. Community Development Programmes

Free Training

Promotional material highlights free training in mushroom cultivation, vermicompost, agarbatti making, dishwash bar/liquid, phenyl and toilet cleaner making.

Healthcare for Senior Citizens & Needy People

The supplied poster describes free health check-up camps, medical consultations, medicine support and related community healthcare assistance in Chennai.

School Health Programme

Healthcare awareness and school-level health support for students and communities.

Entrepreneurship Development Programme

Training, product making, marketing, documentation, business support and pathways from learning to earning.

Organic Farming Training Centre

Training, cultivation, marketing and cooperative movement around organic and sustainable agriculture.

Community model: identify local needs → train people → develop practical skills → create products/services → connect with markets → strengthen livelihoods.

8. Proposed Implementation Model

01	Community Identification Map local needs, youth, women, entrepreneurs, farmers and healthcare priorities.
02	Orientation & Awareness Conduct introductory sessions and identify suitable training or livelihood tracks.
03	Skill Training Deliver theory, demonstrations and hands-on practical sessions.
04	Starter Kit / Project Provide suitable kit/project guidance, costing, raw-material planning and documentation.
05	Production & Quality Support manufacturing, hygiene, packaging, labelling, branding and quality practices.
06	Market Linkage Connect products/services with local markets, institutions, distributors and suitable online channels.
07	Finance & Scheme Guidance Guide eligible participants toward banking, government schemes and other financing pathways.
08	Mentoring & Growth Track progress, solve operational issues and help successful units expand.

Suggested outcome indicators

- People trained and certified
- Micro-enterprises started
- Products developed and sold
- Women/youth livelihoods created
- Farmers adopting sustainable practices
- Healthcare/awareness camps conducted
- Market and institutional linkages created

9. Join Hands • Be Part of the Change

The promotional materials invite individuals, entrepreneurs, volunteers, trainers, community members and partner organisations to participate in AGVC programmes and development activities.

Who Can Participate	Students • Youth • Women • Farmers • Entrepreneurs • Skilled persons • Trainers • Volunteers • Community organisations
Ways to Participate	Join a training • Start a micro-enterprise • Support community programmes • Partner for projects • Volunteer • Explore product and market opportunities
